Henry A. McCracken

Principal

These trying times call for courage for every one of us. We must face bravely not only the trials of the battlefield, the uncertainties of the future, and the burdens of world responsibility, but we must accept with stout hearts the task of making a greater America for the sake of ourselves and of mankind.

I congratulate the Class of January 1953 on its privilege of participation in the answer to this challenge.

Henry A. McCracken

To the Class of January 1953:

To me it seems only yesterday that the members of this class entered the front door and timidly went to the Auditorium to be assigned to their rooms. Yet it was nearly four years ago on February 1, 1949. From shy little girls and awkward lads you have grown into charming young women and splendid young men. My hope is that your intellectual achievement, spiritual growth, and character development have kept pace with your stature. A happy future to all of you!

Irwin J. Zachar

Adviser

I say to you farewell, God speed, and good luck. I say it with a gladness that you have achieved your goal of getting a high school education, and in a school that is so conducive to the development of fine, understanding, tolerant young people. I say it with a sadness that our four years' active association is now at an end. But our feeling of friendship, our loyalty to our school and to each other will be with us forever.

Irwin J. Zachar

Angelo A. Rosamilia

Counselor

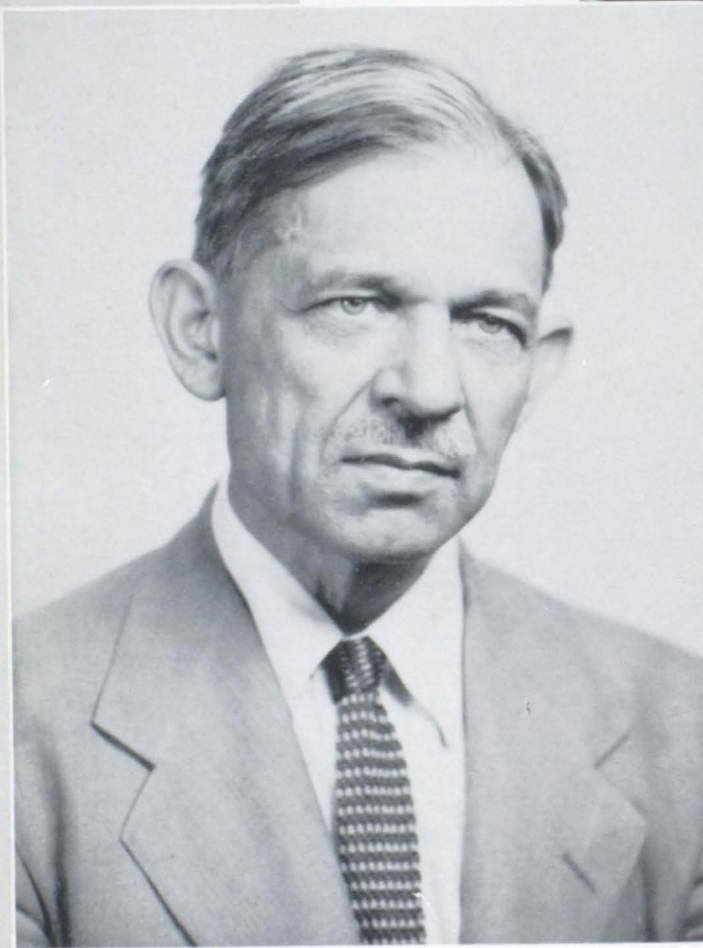

My association with you has been a pleasant and unforgettable experience, one that I shall cherish the rest of my days. In my dealings with you I have tried to guide you into activities designed to serve your particular interests. Without your co-operation and confidence, no measure of success could have been realized.

May the ensuing years find you on the road to success, health, and happiness.

Alma Mater

We have been happy here; fair flying days
Yield now sweet mem'ries far more dear than gold;
We have sung songs, wove dreams, and felt the old,
Brave thrill of human friendship; trod loved ways
Once passed by long-gone others, felt the blaze
Of quick born powers, and with a youth grown bold
Have challenged Life its mysteries to unfold:
And thou hast crowned our brows with more than bays.

All this is ended; we shall see no more
Gay sunsets gild these dear celestial walls;
Next springtime all will be as we were not,
And others crowd where once we thronged before.
We love thee, dear old school; though all else falls,
We love thee still. Shall we be soon forgot?

Class History

by Rosemary Deal

The most important and wonderful days in our school career started on February 1, 1949, our first day at East Side. This was the beginning of our class and the start of four hectic but wonderfully exciting years. It seems funny now, looking back over the past, and thinking of the experiences we had.

Our Freshman days were tormented by up stairways and down stairways, elevator tickets and upper classmen. They seem to have been just yesterday.

Our first dance was an afternoon dance in the Boys' Gym, during our Junior year. The girls looked as pretty as flowers and it was a good thing because that's what they were—wall flowers. The boys looked very nice and as neat as pictures and they might as well have been pictures, because all they did was hang around the walls. In all, our afternoon dance wasn't any worse than any other, it just seemed that way.

The dances and other red-letter days will always be remembered, but along with these we will never forget the daily occurrences. The tests in Latin that we hardly ever passed; the Spanish club and the songs we learned there; the cabbage smell from the Chem. lab.; the thrill of going on our first hook and waiting in Joe's for the movies to open; the strike we went on in Miss MacIntosh's homeroom, the bedlam in Mr. William's homeroom and the Grand Central Station in Dr. Zachar's; the crowded halls; the small lockers; the big football games; the auditorium programs; the antique books; and Mr. White's paper hoarding are only a few of the common place things we will always remember.

As Juniors we held our first election with the following results.

President	Elias Roman
Vice President	Carmen Rio

We also held our first really successful affair. The 11A dance was the beginning of our night dances, and it was just a preview of all the fun to come. The girls really out-did themselves, and the gym was a panorama of bright colors and beautiful girls. The boys who didn't dance wanted to learn and the girls were willing and capable teachers. In 11A we felt wonderful. After all, we were just one step below the highest rank in the school. We were the 11A's, and in a few months we would be Seniors. The time passed quickly and in a few months we were Seniors. This was the exciting year we had been waiting for.

In the first half of our Senior year we set a new precedent in the style of dances at East Side. We ran the "Hobo Hop", a dungaree dance, with traditional ballroom dancing. For our "Hop", we decorated the gym like a box car.

We held elections once more and the following changes took place:

President	Ronald Akialis
Vice President	Shirley Chabra
Secretary	John Wert

Our Senior Reception was held on May 2, 1952. The girls were dressed in various spring colors. The highlight of the Senior Rec, of course, was the mysterious ceremony at which the Senior A president gave our president the Torch in recognition of our becoming members of the select Senior group. The Senior A's put on a very wonderful show patterned after the Arthur Godfrey talent scout show. The real thrill of the day was going to New York to eat and see a Broadway show.

The next outstanding event in our Senior B term was the Prom. Who can ever forget the thrill and suspense of waiting to be asked? Who will ever forget the crazy merry-go-round we were on trying to get our gowns, shoes and purses after the bid for our Prom date was made? Remember the way the boys teased the girls about their getting tails, high hats and spats? It's funny now, but then it was no laughing matter!

Remember how we spent Prom day painting scenery and hanging it? We never thought we would get the gym looking halfway decent, but by five o'clock it looked pretty good.

Prom night the gym was transformed as if by magic into a beautiful fairyland of Paris silhouettes, cafe scenes, and a realistic park with authentic park benches. This transformation was dwarfed in comparison to that of the girls into beautiful Cinderellas and the boys into handsome Prince Charmings. Each couple danced on clouds that night and walked on air with star dust in their eyes as well as in their hair.

After a fierce battle in our final term at East Side the following people came out on top in class elections:

President	Elias Roman
Vice President	Shirley Chabra
Secretary	Carole Roggerman
Treasurer	Richard Waters

On October 17, 1952 we served as hosts to the Senior B's. All the Senior A's combined their talents to create a wonderful show. This show had just the right amount of dancing, music and of pantomime skits to make it one of the zaniest and cleverest ever seen at East Side. The dance which followed the show was one of the highlights of the day and it gave all an opportunity to become better acquainted. As usual, all the kids ended the busy and happy day with a trip to New York's Greenwich Village.

We celebrated the Thanksgiving season by holding a "Turkey Trot" on November 21, 1952. This dance, our last affair to which we invited other classes, was a gay success.

On January 9, 1953 we held our "Farewell Dance". Everyone enjoyed themselves although we knew the end was drawing near. The girls dressed beautifully to celebrate our last class social and one could easily see that the boys had become socially minded and learned a great deal since our first high school dance.

The next big event on the calendar is graduation day. A day of both gladness and sadness. We shall never forget all the fun and experiences had here at East Side and we will continue to remember our Alma Mater in the many years to come.

Last Will and Testament

We, the members of the Class of January 1953, being of sound mind, memory and understanding, do make, publish and declare this to be our Last Will and Testament:

To Mr. McCracken, the head of East Side's legislative and executive body, we leave the good wishes of the graduating class and the hope that the next time East Side is evaluated a new building will be complete.

To Miss Erbacher we leave the delightful task of scheduling the study patterns and entertaining parents on their infrequent visits to the school.

To Dr. Zachar, our adviser, to whom we are very thankful and grateful, and who has worked so extremely hard during our four years, we leave our sincere appreciation and the memory of our peaceful and serene class meetings.

To Mr. Rosamilia, our counselor, who has been both teacher and father to us by helping us solve our many problems, we leave the thought that all his children have finally grown up.

To Mr. Springer we leave a nice peaceful homeroom which will shut up, sit down, and remember their personality records. We also leave a pair of binoculars to his grandmother so that she can watch over him closely.

To Mr. Williams we leave a new jeep in place of the one that was abused by our class and a homeroom that will listen to him.

To Mr. Scott we leave our everlasting gratefulness for all he has done in helping us to decide what our futures will be and we wish him well in his remaining years at East Side.

To Dr. Cavicchia we leave our hearty thanks for his constant efforts to make our Torch possible. We also hope that the classes after us will have preparations for their yearbook completed on time. We thank him also for managing our class rings and Torch pictures.

To Mrs. Leitch we leave the joy of escorting future homemakers to the East Side day nursery and sending them to visit Saint James's hospital. We shall never forget those exciting trips.

To Dr. Weingast we leave a U. S. History classroom that will remember to stand up when they recite and who faithfully read their daily newspapers.

To Mr. Grubel we leave a classroom large enough so that his students won't have to be spread all over the third floor during a test.

To Mr. Fisher we leave a clean, well-supplied art room for future invasions by prom committees and poster squads.

To Mr. Davis we leave a classroom with an efficient heating system which will constantly keep the temperature between 69° and 70° and our deepest appreciation for his active interest and indispensable help in making our prom decorations.

To the custodians, especially our pal Jimmy, whom we shall always remember for their patient helpfulness whenever we held a class affair, we leave a year's supply of mono acid ester of salicylic acid prepared by our chemistry class.

To the Seniors we leave the thrill and excitement of preparing for the Senior Prom and a crying towel for the male members who will complain the day later that they spent all their money on the girls. We also leave them the air of superiority when they become Senior A's.

To the Juniors who have completed two years of school and who are hoping and praying that somehow they will complete two more, we leave the privilege of having U. S. History for the first time and the honor of receiving their class rings.

To the Sophomores, who are now fearless and independent souls, having made the hurdles of their Freshman year, we leave Mr. Fast to remind them that the school day consists of eight periods and the pathetic cry of "Dues please!"

To the Freshmen, who are poor confused souls, we leave a handbook of East Side, with a diagram of the school so that they will be out of reach of the eager upper classmen who are so willing to lend them a helping hand.

In witness whereof we have hereunto set our hands and seal this 28th day of January, in the year of Our Lord One Thousand Nine Hundred and Fifty-Three.

RICHARD WATERS

Ronald Akialis

Ronnie, a tall six feet, two inches, played Junior Varsity basketball for two years. By working hard he moved up to the Varsity squad in his Junior year and earned a varsity letter. Unfortunately Ronnie could not compete for honors in his Senior year since basketball was discontinued, but he will make basketball a part of his college life.

Edward Miller

Beyond a doubt Eddie has been one of East Side's most valuable men both in basketball and track. In basketball Eddie served three years in which he showed great sportsmanship. In his Sophomore year Eddie came out for track, serving as a half-miler and a sprinter, and doing a terrific job of both. In his Senior year, with the help of his coach, Mr. Schwartz, he ran his first year of Cross Country in which he served as East Side's fifth best man. He is truly an athlete who will be remembered by all his classmates.

Julius Pereira

A crave for swimming came over Julius in his 9A term, but unfortunately there was at the time a shortage of water, and the swimming season was cancelled. A year later Julius got into the swing of things and really let his enthusiasm go by winning second place in the swimming relays. In his third year he achieved a better record yet by taking third place as an individual and second place in the relays. For his fourth and final year he was elected Captain of his team, an honor which he most certainly deserves.

MICHAEL VRABEL

GEORGE SCHEIDER

AUGUSTINE PRIETO

Augustine Prieto

Augie, Captain of the Cross Country Team, has received both honors and recognition during his three seasons of running. One of his best races was in the Newark Athletic Club Meet in which he placed fourth out of two hundred competitors, which was truly an outstanding performance.

George Scheider

George is known by all his friends as "Satch", one of East Side's most outstanding athletes. In the course of his four years George served four seasons on our baseball team and three years on our basketball team as a forward. As a prominent outfielder, Satch is one of the boys who aided East Side in achieving the city championship in 1950. George has proven himself a great ballplayer and an asset to his school.

Michael Vrabel

Mike has developed into a standout football player in this, his Senior and only year out for the team. With no previous football experience he has shown amazing strength and power. Mike applied a great season by going a berth on the "all city team". Knute, as he is called by all of his friends, will always be remembered as one of the strongest men on the team.

Richard Waters

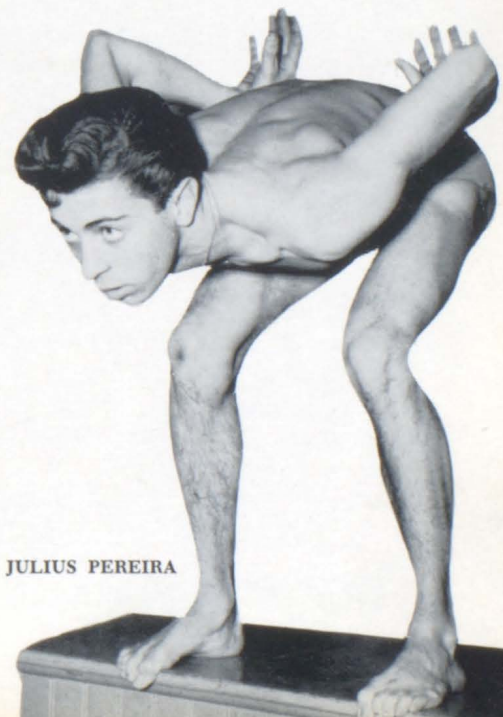

Richie holds the honor of Captain of our Track Team with the greatest of pride. His track career at East Side began back in his Sophomore year, and it was right then that he began collecting honors and the recognition of the student body. In his third year he took first places in the pole vault of city, county, and state, also participating in the hurdles. In his Senior, and greatest year, he set a record in the country by taking first place in the pole vault in city, county, and state competition. Richie has in his possession a trophy given to him here at East Side for setting a record in the city's high hurdles for the best performance of a two day track meet. Richie will long be remembered as the "Star" of our Track Team.
